

Sunday
2030

My Darling,

Just got back from Eglin
Field. It was quite interesting
They've got alot of stuff
over there.

We had a mail call
while we were there, an
Ft. 7 flew down from
Cruising with a load.

I'm sending you a letter
we got from your mother.
Tell her hello for me, and
send her my love, she's
very sweet.

I also got a letter
from you written Thursday
night. It didn't sound
like you honey, it was
very dishearted and very
bitter and I'm sorry.
But Darling it can't be
helped. The Army is

running our lives and there's
nothing we can do about it.
Keep that beautiful chin of
yours up baby, don't let it
get you down, it's much
harder that way.

Darling I'm making this
promise to you that every
minute, every second that
we can be together we will
be. We can't afford to spend
a second of our time thinking
about the past or the future,
what's important is that
we will have that time and
we've got to pack into it
a lifetime of laughs, of
wonderful moments, and maybe
a few sorrows. And if you
think I'm going to live on
the post you've nots, and
if the army thinks so it's
nots too. You bet I'm
going to live with you
darling the army or anyone
isn't strong enough to stop
me.

II
Honey we really have no right to complain, we've really very lucky, there are many other couples who haven't had the happiness that we are going to, and will never be able to. Darling we should thank God that we will have all those wonderful months together.

We have had some tough breaks but we can't be bitter about it. If we let that happen we'll start blaming each other, and that's the quickest way of breaking up a marriage. I can't help what the army does with me darling, from the job they're doing over there I guess they know what they're doing, all fighter pilots have to go through this and I'm glad to be getting it over with. It would be even tougher later wouldn't it darling?

So keep smilin' baby
and I'll see you Saturday.
Yes Saturday, I was going
to surprise you but I guess
you need some cheering up
(conceited ain't I?). If you
feel a tenth as bad as
I do Darling, you sure must.
It's so damned lonesome
around here anyway and
being separated from you
makes it so God damned
much worse.

Please Darling tell me
that you're happy, because
when you aren't, I'm not.
Remember honey, the most
important thing in the world
to me is you. I love you
Darling, I feel I should make
some attempt to tell you how
much, but I can't. It's
as hard to grasp and as
large as the infinity of the
universe and even
Einstein can't explain that,

III
So how could I ever
begin to. all I can tell
you is I love you, I love
you, again and again,
and if I kept on from
now 'til doom's day,
and every "I love you"
was materially a part of
my love for you, I'd
not have enough time darling.

The time will pass however.
It will be the longest week
of my life, but believe it
or not science has proved
that time waits for no
one. I guess we've come
the closest to disproving it
though. Just think of
the time we'll have together,
it helps. And I will be
able to live off the Post
darling. It's not exactly
legal but what the army
doesn't know won't hurt it.

I love you angel, I

love you with all my
heart. You have all
my love all my life,
my darling wife, and
until Saturday honey, I
remain as always,

Your devoted husband

Field

P.S. - It's the moments apart
that make the moments
together so much more enjoyable.
